DEPARTMENT OF INSURANCE
STATE OF NEBRASKA

The Department of Insurance shall have general supervision, control and regulation of insurance companies, associations and societies, and the business of insurance in Nebraska, including companies in process of organization. The Director of Insurance shall be the chief administrative officer of the department and shall have the power and duty to enforce and execute all the insurance laws of this state and make all needful rules and regulations for the purpose of carrying out the true spirit and meaning of this enactment and all laws relating to the business of insurance, and, to that end, may authorize and empower an assistant or employee to do any and all things that he may do and on his behalf, and he shall see that all laws respecting insurance companies and insurance agents are faithfuly executed. The director or his representative shall issue all certificates and licenses as provided for in Chapter 44. The director and his authorized representative shall have the power and authority to do all things and to perform all acts the department is given the power and authority to do.

LIFE AND HEALTH INSURANCE DIVISION

The duties of the Life and Health Division include the approval or disapproval of all life or health insurance forms and the review of all health insurance rate increases filed with the Department of Insurance. During 1980, this Division approved 11,621 life and health forms of various kinds and reviewed 61 health insurance rate filings.

During 1980, the Life and Health Division received 59 inquiries from foreign life insurance companies concerning admission into Nebraska. Thirty-nine companies were newly licensed by this Division during the year.

Other activities of the Life and Health Division include the analysis of reserves and the issuing of valuation certificates for all domestic life companies and collaboration with other divisions on a variety of life and health insurance issues.

CLAIMS AND INQUIRIES DIVISION

This Division deals with consumer complaints and inquiries. Activities involve an examination and evaluation of complaints and of the company's position.

All formal complaints against companies are recorded in a computer system. A printout from this system enables us to observe trends that may be developing in violation of insurance statutes or regulations.

In 1980, 2,818 complaint files were closed. A breakdown of these files reveals the following:

Health	43%
Life	11%
Annuities	2%
Credit	2%
Auto	25%
Property and Liability	17%

AGENTS' LICENSING DIVISION

Any person who, through contact with the public or any segment of the public, aids a company in effecting insurance must be licensed. Partnerships and corporations may not be licensed. Individuals only may be licensed.

The following reflects the results of the examinations administered by this Department from January 1, 1980 through December 31, 1980:

EXAMINATION DIVISION

The business of insurance has always been regarded as one vested with a public interest and therefore, subject to the regulatory power of the several states, including the authority in those states to make periodical examinations of insurance companies. The jurisdiction had never been questioned seriously until 1944, when an opinion of the United States Supreme Court in the Southeastern Underwriters Case was rendered and declared insurance to be interstate commerce and subject to the regulation by the Congress. The dual regulation thus created was somewhat held in suspense by Congressional action effective June 30, 1948 (Public Law 15), which retained the State's regulatory power over insurance, but added language to the effect that after the date mentioned the Federal Sherman, Clayton, and Trade Commission Acts would be applicable to the business of insurance, "to the extent that such business is not regulated by state law."

Examinations of companies by state insurance departments are required by laws of every state, and in Nebraska its statutes specify examination of Nebraska domestic companies at least once in three years. The right to examine companies domiciled in other states and licensed in Nebraska is also extended to the Nebraska Insurance Department by statutory provision. Examinations may be a complete review of all operations of a company over a certain period, or be confined to limited areas within a company's activities.

The Examination staff of the Nebraska Department is made up of salaried employees who have been selected by the Director of Insurance and have met the education (and/or) experience qualifications specified in our insurance statutes. Examiners are paid their salary and expenses out of the Insurance Examination Fund, a fund wholly revolving in nature, the income of which is the reimbursement from insurance companies for time spent by examiners and limited expenses incurred during the examination of companies. The fund is not financed by any general tax funds of the State. The present staff in the Examination Division of the Department of Insurance consists of: a Chief Examiner, an Assistant Chief Examiner, 13 Financial Examiners, 1 Actuarial Examiner and 2 Market Conduct Examiners.

The Department will close out this liquidation during 1981.

PROPERTY AND CASUALTY DIVISION

The Property and Casualty Division, pursuant to Chapter 44, Article 14, of the Nebraska Insurance Code, is charged with the responsibility of promoting the public welfare by regulating insurance rates to the end that they shall not be excessive, inadequate or unfairly discriminatory. To accomplish this objective, all rates must be approved by the Department prior to their use. Each rate filing is reviewed by members of this Division to verify the statistical justification for the approval of the filing.

Policy forms are also subject to approval by the Department before issuance by the insurers. The forms are reviewed for compliance with Nebraska statutes, clarity of language, benefit to the public, and coverage commensurate with the rates charged.

During 1980, the Property and Casualty Division approved 3,656 filings. Of this total 110 were made by rating organizations for member or subscriber companies. Another 67 filings constituted deviation filings from bureau rates and/or forms. Independent filings made by individual companies totaled 3,479.

The breakdown of the approvals by category are as follows:

Fire & Marine	Multi-Peril	Auto	Liability	Other
382	1,127	995	639	483

During the year four statistical plans and 26 experience reports were filed by statistical agents. These experience reports included the premiums written and earned and the losses paid and incurred in a particular line of insurance for one, three, and five-year periods.

Under Nebraska's consent-to-rate statutes, 48 policies were filed where the rate was in excess of the filed rate. A total of 280 individually rated (Guide A) policies were filed.

The licensing of property and casualty companies seeking authority to do business in Nebraska is handled by this Division. During 1980, more than 60 applications by foreign and alien companies were reviewed. Thirty companies were admitted to do business in Nebraska.

The Division is also responsible for the licensing of surplus lines agents and the processing of surplus lines reports. Sixty-two surplus lines agents using 69 non-admitted companies generated approximately 11 million dollars of premium in Nebraska in 1980. Premium taxes of $219,063.85 and fire marshal taxes of $9,737.25 were collected. The financial statements of 54 non-admitted companies were reviewed.

Below is a listing of the non-admitted companies that wrote business in 1980 through surplus lines agents and the number of policies written by each company.

During 1980 this Division developed a filings manual for the use by companies. The manual covers what has to be filed, how many copies and what justification is required. It also covers what does not have to be filed. Concurrent with our filings manual we changed to a new filing system. In order to purge our files of outdated material, the companies refiled all of their approved material that was still in use.

LEGAL DIVISION

The duties of the Legal Division are to prepare Department regulations, bulletins and legal interpretations, to represent the Department in administrative hearings, to process applications by insurers for authority, consents, and permits, to render legal advice and policy form approvals and to enforce compliance with the Nebraska Insurance Statutes and regulations by all insurers, insurance agents, brokers, and others licensed by the Department of Insurance. In addition, counsel for the Department acts a liaison with the Attorney General's office on all pending litigation and/or appeals from administrative rulings. The Legal Division also acts as counsel for the Director in connection with the liquidation of insurance companies and as an incidental part of that duty advises the Director in connection with the operation of the Nebraska Property and Liability Guaranty Association and the Nebraska Life and Health Guaranty Association.

The Legal Division consists of a General Counsel, two Counsels, a Law Clerk and a Legal Assistant.

This year, the Legal Division licensed one domestic legal service insurance corporation and a foreign company was licensed to write service contracts pursuant to Article 35 of Chapter 44 of Nebraska's Revised Statutes.

In the year 1980, enforcement activity was initiated against 75 agents and 12 companies licensed to do business in the State of Nebraska.

RISK MANAGEMENT ACTIVITIES

The Department has been very active in performing risk management duties for the State of Nebraska since being declared its risk manager by Governor Thone in January, 1980. This responsibility consists of protecting the assets of the state against a single loss, or an accumulation of losses, from any hazard which in any single fiscal year could significantly affect the state's operating budget. Also, it involves taking every practical measure to eliminate or prevent injury to employees or to prevent and minimize losses to property; insuring the continuity of services to the citizens of the state; and achieving these results in a manner which is both effective and economical.

Specifically, the Department has been in the process of discovering and analyzing risks exposures on an agency-by-agency basis. The Department has aided both the Nebraska State Patrol and the Department of Aeronautics in bidding out their aircraft fleet insurance and has further reduced insurance premiums by combining the dates of coverage of all state aircraft.

The Department has acted as risk manager in preparing and bidding the specifications for insurance coverages for the Nebraska State Colleges. This coverage consists of life and health insurance as well as property and casualty insurance. Other property insurance coverages reviewed by the Department included the new training building in Grand Island for the Crime Commission, buildings in the Grand Island tornado area belonging to the Department of Institutions, the Veterans Home in Omaha, and other property and liability concerns of the various state agencies. The Department is also active in bidding out the life and health insurance program for state employees, the automobile fleet insurance program, and the bonding of state employees. The state has reviewed the workers compensation plan which is carried on a self-insurance basis by the state.

The Department has initiated the first steps of the risk management program which will continue to grow to be an all encompassing program including workers compensation, small claims court, general liability coverages, physical damage coverages, property coverages, bonding, life and health insurance, and loss safety and loss prevention methods.

To ensure the continued activity and growth of the risk management program for the State of Nebraska, the State Legislature recently passed LB273. This act will establish the centralized risk management program to handle all of the state's insurance and other risk management needs. Substantial savings have already been obtained by centralizing the purchase of insurance for state vehicles, employee life insurance policies, and surety bonds for state officers and employees. The economies of coordinated risk management require transference of the remaining risk management functions out of the various state agencies into a centralized risk management program. The State Claims Board which is presently charged for responsibility for determining tort liability claims, will hire a risk manager to administer the state's risk management program. In order to minimize exposure of state employees to personal liability suits for acts or omissions committed while carrying out their duties on behalf of the state, this act provides for their legal defense by the Attorney General and for indemnification by the state of amounts collectible under judgment for an employee's personal liability.

Centralization of the state's risk management responsibilities under the administration of a confident and qualified risk manager and the establishment of an indemnification provision for state employees will enhance the state's ability to provide for protection of its assets from unanticipated loss and liability claims and will protect its employees for acts taken in carrying out their duties on behalf of the state.

DEPARTMENT OF INSURANCE
STATE OF NEBRASKA

The Department of Insurance shall have general supervision, control and regulation of insurance companies, associations and societies, and the business of insurance in Nebraska, including companies in process of organization. The Director of Insurance shall be the chief administrative officer of the department and shall have the power and duty to enforce and execute all the insurance laws of this state and make all needful rules and regulations for the purpose of carrying out the true spirit and meaning of this enactment and all laws relating to the business of insurance, and, to that end, may authorize and empower an assistant or employee to do any and all things that he may do and on his behalf, and he shall see that all laws respecting insurance companies and insurance agents are faithfuly executed. The director or his representative shall issue all certificates and licenses as provided for in Chapter 44. The director and his authorized representative shall have the power and authority to do all things and to perform all acts the department is given the power and authority to do.

LIFE AND HEALTH INSURANCE DIVISION

The duties of the Life and Health Division include the approval or disapproval of all life or health insurance forms and the review of all health insurance rate increases filed with the Department of Insurance. During 1981, this Division approved 10,007 life and health forms of various kinds and reviewed 1,117 health insurance rate filings.

During 1981, the Life and Health Division received 80 inquiries from foreign life insurance companies concerning admission into Nebraska. Forty-six companies were newly licensed by this Division during the year.

Other activities of the Life and Health Division include the analysis of reserves and the issuing of valuation certificates for all domestic life companies and collaboration with other divisions on a variety of life and health insurance issues.

AGENTS' LICENSING DIVISION

Any person who, through contact with the public or any segment of the public, aids a company in effecting insurance must be licensed. Partnerships and corporations may not be licensed.

CLAIMS AND INQUIRIES DIVISION

This Division deals with consumer complaints and inquiries. Activities involve an examination and evaluation of complaints and of the company's position.

All formal complaints against companies are recorded in a computer system. A printout from this system enables us to observe trends that may be developing in violation of insurance statutes or regulations.

In 1981, 2,474 complaint files were closed. A breakdown of these files reveals the following:

Health	45%
Life	13%
Annuities	1%
Credit	2%
Auto	23%
Property and Liability	16%

LEGAL DIVISION

The duties of the Legal Division are to prepare Department regulations, bulletins and legal interpretations, to represent the Department in administrative hearings, to process applications by insurers for certificates of authority, to render legal advise on policy form approvals and to enforce compliance with the Nebraska Insurance Statutes and Department of Insurance regulations by all insurers, insurance agents, brokers, and all others licensed by the Department of Insurance. In addition, counsel for the Department acts as a liaison with the Attorney General's office with regard to all pending litigation and/or appeals from administrative rulings. The Legal Division also acts as counsel for the Director in connection with the supervision, rehabilitation or liquidation of insurance companies and as an incidental part of that duty advises the Director in connection with the operation of the Nebraska Property and Liability Guaranty Association and the Nebraska Life and Health Guaranty Association.

The Legal Division consists of a General Counsel, and one Counsel.

EXAMINATION DIVISION

The business of insurance has always been regarded as one vested with a public interest and therefore, subject to the regulatory power of the several states, including the authority in those states to make periodical examinations of insurance companies. The jurisdiction had never been questioned seriously until 1944, when an opinion of the United States Supreme Court in the Southeastern Underwriters Case was rendered and declared insurance to be interstate commerce and subject to the regulation by the Congress. The dual regulation thus created was somewhat held in suspense by Congressional action effective June 30, 1948 (Public Law 15), which retained the State's regulatory power over insurance, but added language to the effect that after the date mentioned the Federal Sherman, Clayton, and Trade Commission Acts would be applicable to the business of insurance, "to the extent that such business is not regulated by state law."

Examinations of companies by state insurance departments are required by laws of every state, and in Nebraska its statutes specify examination of Nebraska domestic companies at least once in three years. The right to examine companies domiciled in other states and licensed in Nebraska is also extended to the Nebraska Insurance Department by statutory provision. Examinations may be a complete review of all operations of a company over a certain period, or be confined to limited areas within a company's activities.

The Examination staff of the Nebraska Department is made up of salaried employees who have been selected by the Director of Insurance and have met the education (and/or) experience qualifications specified in our insurance statutes. Examiners are paid their salary and expenses out of the Insurance Examination Fund, a fund wholly revolving in nature, the income of which is the reimbursement from insurance companies for time spent by examiners and limited expenses incurred during the examination of companies. The fund is not financed by any general tax funds of the State. The present staff in the Examination Division of the Department of Insurance consists of: a Chief Examiner, an Assistant Chief Examiner, 12 Financial Examiners, 1 Actuarial Examiner and 2 Market Conduct Examiners.

PROPERTY AND CASUALTY DIVISION

The Property and Casualty Division, pursuant to Chapter 44, Article 14, of the Nebraska Insurance Code, is charged with the responsibility of promoting the public welfare by regulating insurance rates so they shall not be excessive, inadequate or unfairly discriminatory. To accomplish this objective, all rates must be approved by the Department prior to their use. Each rate filing is reviewed by members of this Division to verify the statistical justification for the approval of the filing.

Policy forms are also subject to approval by the Department before issuance of the insurers. The forms are reviewed for compliance with Nebraska statutes, clarity of language, benefit to the public and coverage commensurate with the rates charged.

During 1981, the Property and Casualty Division approved 4,059 filings. This represents an increase of just over 11% from the previous year. Of this total, 99 were made by rating organizations for members or subscriber companies. Another 149 filings constituted deviation filings from bureau rates and/or forms. Independent filings by individual companies totaled 3,811.

The breakdown of the approvals by category were as follows:

Fire & Marine	Multi-Peril	Auto	Liability	Other
433	1,312	962	851	501

During the year, 4 statistical plans and 36 experience reports were filed by statistical agents. These experience reports included the premium written and earned and the losses paid and incurred in a particular line of insurance for one, three and five year periods.

Under Nebraska's consent-to-rate statutes, 43 policies were filed where the rate charged was in excess of the filed rate. A total of 3 individually rated policies were filed.

The licensing of property and casualty companies seeking authority to do business in Nebraska is handled by this Division. During 1981, nearly 60 applications by foreign and alien companies were reviewed. Thirty companies were licensed to do business in Nebraska.

This Division is also responsible for the licensing of surplus lines agents and the processing of surplus lines reports. Sixty-four surplus lines agents using 70 non-admitted companies, plus Lloyds of London, generated approximately 9.9 million dollars of premium in Nebraska in 1981. Premium taxes of $197,674.52 and fire marshal taxes of $14,946.46 were collected. The financial statements of 103 non-admitted companies were reviewed.

The following is a list of the non-admitted companies that wrote business in 1981 through surplus lines agents and the number of policies written by each company.
